

Remarks

The Examiner has asked Applicants to elect a single invention from the following:

Group I - Claims 1-10 and 12-15 drawn to a color filter comprising a compound of formula 1,

Group II - Claims 1, 5 and 8 drawn to a plasma display comprising a phthalocyanine compound and

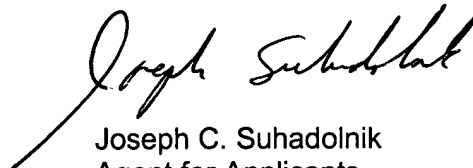

Group III - Claims 11 and 16 to a color filter comprising a phthalocyanine compound".

Applicants hereby elect with traverse Group I, Claims 1-10 and 12-15, as in the response mailed October 11, 2007,.

Applicants' agent respectfully notes that there is no claim language to a plasma display and that all claims 1-10 and 12-15 contain a phthalocyanine compound of formula I. however, this is not an important issue as Applicants are completely willing to prosecute the claims of group I as identified by the Examiner.

Consideration of the elected claims on their merits is respectfully awaited.

Respectfully submitted,

Joseph C. Suhadolnik
Agent for Applicants
